

LOAVES, FISHES & COMPUTERS

LFC Updates

Greetings LFC Supporters!

I wanted to take a moment to update you on LFC's activities as of our last email. It's been more than three months since our last email and, more importantly, since Christian's departure, whom we miss dearly. Since then, we've been focused on continuing to offer quality services to our community and advancing our mission. We're actively providing computer literacy classes throughout the county, and our Connecting Seniors to Technology program is serving seniors from all corners of Monterey County. Since June, we've distributed more than 300 free and low-cost computers, and demand continues to be high. And, most exciting, we have new faces that have joined LFC in the last three months. We are excited about where we're going and look forward to sharing with you. If you have a moment, please check a brief update on the following page.

LFC's staff and Board of Directors will be busy with strategic planning and our year-end giving efforts in the coming months. We will also be sending out our official Fall newsletter in early October, so stay tuned for more information about our upcoming activities and a recap of our program's successes!

I'm very excited about the future of LFC and am grateful for the supportive community that surrounds this amazing organization. We've got a fantastic team of staff and volunteers who, with your championing, are moving closer to bridging the digital opportunity gap!

Thank you for helping us advance our mission. We are grateful for your support!

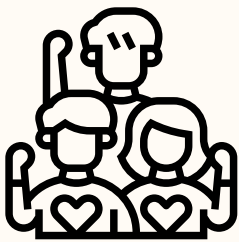

- Gabriela López Chávez

LFC's Impact at a Glance

- **830** Free and Low-Cost Computers Distributed
- **130** Digital Fluency Classes Held
- **81** Seniors Assisted

*Year to Date

LFC Volunteers

Since July, over 25 volunteers have dedicated their valuable time to LFC, providing a variety of services, from administrative to refurbishing support. If you'd like to volunteer with LFC, contact Marci Yeater.
